Arizona Technology Council

2020 BlueDental℠ Plans
Employees today expect more than basic benefits. Attracting top talent requires comprehensive—and affordable—benefit packages that focus on total health and well-being.

Because dental health is directly linked to overall health, offering dental coverage provides employers with a strong competitive hiring advantage. For this reason, the Arizona Technology Council (AZTC) worked with Blue Cross® Blue Shield® of Arizona (BCBSAZ) to incorporate affordable dental coverage into its exclusive Association Health Plan (AHP).

**WHAT IS AN AHP?**

When multiple small businesses join together as one association, they can take advantage of Group rates to build robust benefits packages. AHPs effectively level the playing field for small businesses, enabling them to attract top employees.

**EASY, AFFORDABLE DENTAL PLANS**

BlueDental plans come in a variety of price points to fit your budget. Here’s a look at the ways BlueDental can help make your dental health a priority.

- Covers 100% of preventive and diagnostic services with no cost to you.¹
- Lets you rollover some unused annual maximum benefits into the next plan year. Requires one cleaning per year.
- Includes a variety of covered services, from regular exams and cleanings to crowns and implants.¹
- Gives you access to more than 2,400 dentists in Arizona and more than 300,000 nationally.²
- Manage your health and dental plans on our convenient member portal, MyBlue.

BCBSAZ’s BlueDental plans let you enhance your benefits offering while controlling costs. Choose from a selection of PPO and DHMO plans, all offering coverage for preventive, basic, and major dental services.

¹Limitations, exclusions, and frequency limits apply. Not all plans cover all services.
²BCBSAZ internal data, 2018.
PPO PLANS
The BlueDental Value Pro Series offers affordable coverage for preventive, basic, and major services. The BlueDental PPO Optimum Series is a comprehensive plan that rewards members for getting two checkups and cleanings in a plan year.

The Optimum series covers composite (white or tooth-colored) fillings on all teeth and implant services. Maximum rollover and a 24-month rate guarantee provide long-term benefits and value. Both BlueDental series offer one additional cleaning for members with diabetes and women who are expecting.

DHMO PLANS
A DHMO plan is an excellent option for members who need immediate care and can’t wait to meet the typical waiting period. These plans provide broad, affordable care from a network of dentists. A DHMO plan is often the least costly type of dental plan, as services are provided at a lower cost or at no cost. There are no waiting periods, calendar-year maximums, deductibles, or claim forms, and members can find out the cost of services up front.
Covered Services

Type I — Preventive Services

**Oral Exams:** Two per year\(^1\) in any combination of periodic, limited or comprehensive exams

**X-rays\(^2\):** Full mouth (one per five-year period), bitewing (two per year), periapical (four films per year)

**Routine Cleanings:** Limited to two per year; Type III periodontal maintenance does not count toward max of two cleanings

**Topical Application of Fluoride:** Children through age 15—one per year

**Sealants:** Children through age 15—one per lifetime

**Space Maintainers:** Children through age 15

Type II — Basic Services

**Amalgam Fillings (restorative), Composite Fillings (anterior):** One treatment per tooth in any two-year period (limit based on amalgam and composite fillings combined)

**Emergency Palliative Treatment:** Treatment for the relief of dental pain

**Simple Extractions:** Permanently removing a tooth from the socket of the jawbone

**Oral Appliances for Treatment of Bruxism**

Type III — Major Services

**Restorative:** Crowns/inlays/onlays—seven-year replacement limit

**Oral Surgery:** Surgical extractions and surgical procedures

**Endodontics:** Root canal treatment/pulpal

**Therapy:** One treatment per tooth in a two-year period

**Periodontics (treatment of gum disease):**
- Non-surgical—one per two-year period
- Surgical—one per three-year period

**Prosthodontics:** Bridges and dentures—seven-year replacement limit

**General Anesthesia**

---

\(^1\)All “per year” benefits mean per calendar year.

\(^2\)Any combination of X-rays billed on the same date of treatment cannot exceed the allowed amount for a full-mouth X-ray benefit.

---

¹ Rollover benefit may be payable as a portion of unused annual maximum if member submits at least one claim for a covered cleaning during a benefit year, and receives benefits that do not exceed the rollover threshold.

² Bundled savings are available to groups of 51+ when group combines fully insured medical plan with another specialty plan.

³ Implant coverage is included on non-experience-rated plans for groups with 10+ enrolled.

⁴ An additional cleaning at a $40 copay is available to expecting mothers and members with diabetes. Limitations, frequency, and exclusions may apply for various plans. Not all plans cover all services.
In-network services available through the BlueDental network. A listing of providers in the BlueDental network can be found at azblue.com.

All per-year benefits mean per calendar year.

Only the allowed amount, as based on least expensive available treatment (LEAT), if applicable (and not billed charges), counts to satisfy the deductible. There may be several methods for treating a specific dental condition.

All claims for restorative services such as fillings and crowns are subject to analysis for the least expensive available treatment (LEAT). Benefits for restorative procedures will be limited to the LEAT only. For these procedures, BCBSAZ will pay benefits only up to the LEAT fee. Members may elect to receive a service that is more costly than the LEAT, but the member will be responsible for cost-share based on the LEAT, and will also pay the difference between the fee for the LEAT and the more costly treatment (LEAT balance bill). Any payment made for this LEAT balance bill will not count toward the deductible or out-of-pocket maximum.

Detailed information about benefits, exclusions, and limitations is in the Dental Benefit Book or rider and is available prior to enrollment upon request.
