### Important Questions

<table>
<thead>
<tr>
<th>Important Questions</th>
<th>Answers</th>
<th>Why This Matters:</th>
</tr>
</thead>
</table>
| **What is the overall deductible?** | Coverage for Individual Only  
In-network and out-of-network: $1,500/member  
Coverage for Family  
In-network and out-of-network: $3,000/family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, the overall family deductible must be met before the plan begins to pay. Unless a copay, fee, or other percent is shown, the coinsurance percent of the allowed amount that you pay for most services is 20% in-network and 50% out-of-network. |
| **Are there services covered before you meet your deductible?** | Yes. Certain in-network preventive services are covered before you meet your deductible. | This plan covers some items and services even if you haven’t yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at [https://www.healthcare.gov/coverage/preventive-care-benefits/](https://www.healthcare.gov/coverage/preventive-care-benefits/). |
| **Are there other deductibles for specific services?** | No. | You don’t have to meet deductibles for specific services. |
| **What is the out-of-pocket limit for this plan?** | In-network: $4,500/individual or $9,000/family  
Out-of-network: $9,000/individual or $18,000/family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| **What is not included in the out-of-pocket limit?** | Premiums, out-of-network precertification charges, balance bills, and costs for health care this plan doesn’t cover. | Even though you pay these expenses, they don’t count toward the out-of-pocket limit. |
**Important Questions** | **Answers** | **Why This Matters:**
--- | --- | ---
Will you pay less if you use a network provider? | Yes. See www.azblue.com or call 1-877-475-8440 for a list of in-network providers. | This plan uses a provider network. You will pay less if you use a provider in the plan’s network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider’s charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

Do you need a referral to see a specialist? | No. | You can see the specialist you choose without a referral.

About These Coverage Examples

Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
