<p>1. All per year benefits mean calendar year.</p> <p>2. Plan determines that a less expensive alternate procedure, service, or course of treatment can be performed in place of the proposed treatment to correct a dental condition. The alternate treatment will produce a professionally satisfactory result; then the maximum the plan will allow will be the charge for the less expensive treatment.</p> <p>3. Any combination of x-rays billed on the same date of treatment, cannot exceed the allowed amount for a full mouth x-ray benefit.</p>	
<u>In-Network Providers</u>	"In-network" dental providers have contracts with Blue Cross Blue Shield of Arizona (BCBSAZ) or with BCBSAZ's independent dental network vendor. In-network providers accept negotiated fees as payment in full for covered dental services, and file a member's claims with BCBSAZ. Members usually have lower out-of-pocket costs with in-network providers.
<u>Out-of-Network Providers</u>	"Out-of-network" providers have no contract with BCBSAZ or with BCBSAZ's independent dental network vendor. Out-of-network providers set their own rates, can collect up to full billed charges from members, and have no obligation to file members' claims.
<u>Optional Pre-determination</u>	If your dentist has recommended services and you are concerned about coverage or costs, your dentist can ask BCBSAZ for a pre-treatment estimate, called a "pre-determination." BCBSAZ will review your dentist's proposed treatment and send your dentist information explaining what services will be covered and your estimated out-of-pocket costs for these services. A pre-determination can help you better understand what will be covered and the amount you will need to pay.
<u>Prevention Plus</u>	All diabetic and expecting mothers are eligible for coverage of one additional dental cleaning procedure or one additional periodontal maintenance procedure. For members who have enrolled in the program, extended preventive benefits will remain available for the duration of these conditions.

BCBSAZ Standard PPO Limitations
