## YOUR PLAN NETWORK

See your ID card for the name of the plan network that applies to your benefit plan. You'll find the complete directory of providers in your plan's network at <u>MyBlue</u><sup>SM</sup>. If you do not have Internet access, would like to request a paper copy of the directory, or have questions about whether or not a certain provider is in the network, please call Blue Cross<sup>®</sup> Blue Shield<sup>®</sup> of Arizona (BCBSAZ) Customer Service at the number on your ID card. It's important to make sure your provider is in your plan network before you receive services.

## MEMBER COST SHARING AND OTHER PAYMENTS

Members pay part of the costs for benefits received under this plan. What you pay depends on your particular benefit plan, the service you receive, and the provider you choose. You may have an access fee, balance bill, coinsurance, copay, deductible, prior authorization charge, or some combination of these payments as detailed in the tables that follow. You can refer to Appendix A in your Base Benefit Book for a definition of the terms. BCBSAZ uses your claims to track whether you have met some cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of service.

## **COST-SHARE TABLE**

Type of Cost Share	In-Network	Out-of-Network
Calendar-Year Deductible	\$6,000 pe \$12,000 p	
Out-of-Pocket Maximum	<b>\$7,250</b> per member <b>\$14,500</b> per family	<b>\$14,500</b> per member <b>\$29,000</b> per family

Until you meet your deductible, you will pay the allowed amount for most services, plus the balance bill for out-ofnetwork services. If you have family coverage, there is also a calendar-year deductible for the family. Amounts counting toward an individual's calendar-year deductible will also count toward any family deductible. When the family satisfies its calendar-year deductible, it also satisfies the deductible for all the individual members. An individual member cannot contribute more than his or her individual deductible toward the family's deductible. For services that require a copay, the calendar year deductible is waived.

If your out-of-network provider does not get a prior authorization from BCBSAZ for a service that requires it, you may be required to pay a \$500 prior authorization charge, or the claim may be denied. You'll find a list of services that need prior authorization at <u>azblue.com/individualsandfamilies/resources/forms</u> and medications that need prior authorization at <u>azblue.com/pharmacy</u>. If you have to pay a prior authorization charge, it does not count toward your calendar-year deductible or out-of-pocket maximum.

Cost share for ancillary services provided by an out-of-network provider at an in-network facility will be based on the Qualifying Payment Amount, as defined by federal law. All out-of-network cost share for these ancillary services will be counted toward any in-network cost-share limits.

Benefit	In-Network Cost Share	Out-of-Network Cost Share

Benefit	In-Network Cost Share	Out-of-Network Cost Share
Telehealth Services— In-Network Providers	You pay the cost-share amounts that apply to the services you receive via telehealth (remote services performed by the provider) along with the cost-share amounts that apply to the services you receive in-person at your physical location. <b>Example:</b> If you are at a PCP's office and have a consultation with a remote specialist, you will pay the cost share applicable for a PCP office visit and the cost share applicable for a specialist office visit or consultation. If you are at home and receive a consultation from a remote specialist, you will pay only the specialist cost share because no other provider is involved at your location.	Not covered, except for emergency and urgent services. In those cases, you pay the cost-share amounts applicable to all services provided via telehealth. You will always pay in-network cost share for emergency services provided via telehealth.
Transplant or Gene Therapy Travel and Lodging	\$ Deductible Maximum reimbursement of \$10,000 per mo treatment	
Transplants—Organ, Tissue, and Bone Marrow and Stem Cell Procedures If both a donor and a transplant recipient are covered by a BCBSAZ plan or a plan administered by BCBSAZ, the transplant recipient pays the cost share related to the transplant.	<ul> <li>PCP or specialist visit copay—see the Physician Services row</li> <li>20% coinsurance (after deductible) for professional services you receive at an inpatient or outpatient facility, and any related facility charges</li> </ul>	50% coinsurance (after deductible) + balance bill
Urgent Care	<ul> <li>\$50 copay per member, per provider, per day for services you receive from a provider that is contracted with the plan network to offer urgent care services</li> <li>PCP or specialist visit copay (see the Physician Services row) for services you receive during an office, home, or walk-in clinic visit from an in-network provider that is not specifically contracted for urgent care services</li> <li>20% coinsurance (after deductible) for urgent care services you receive from any other type of provider</li> </ul>	50% coinsurance (after deductible) + balance bill
	See the Emergency Services row for cost sh providers, such as hospitals, that are not sp as urgent care providers.
