# 2025 AHP CHOICES

## About association health plans (AHPs)

When multiple small businesses join together as one association, they can take advantage of affordable health plans to help attract and retain top talent. Blue Cross® Blue Shield® of Arizona (AZ Blue) has created unique plans that are available only to AZTC members.

### These plans provide:

**Access**—Statewide network, including the Mayo Clinic, with exclusive network options in Maricopa, Pinal, and Pima counties

**Service**—Local customer service for care and claims support

**Flexibility**—Coverage available for businesses with as few as two employees

---

## Network options for higher net savings

Network choice provides access to quality care and is a key money saver for employers and employees alike.

- Choosing a smaller network helps lower employees' premiums
  - Staying in-network lowers costs for medical services
  - Knowing limits on out-of-network services helps control costs
- 

## Telehealth

Employees can visit with a doctor, counselor, or psychiatrist any day, anytime, anywhere—from their smartphone, computer, or tablet using **BlueCare Anywhere<sup>SM</sup>**. Telehealth services are integrated into the medical plan benefits as copays for PPO plans and are subject to deductible and coinsurance for HSA-qualified PPO plans. See page 16 for additional details.

# 2025 AHP CHOICES

## All plans offer coverage for most common health care needs, such as:

- Doctor visits
- Prescriptions
- Urgent care and ER visits
- Virtual visits using BlueCare Anywhere<sup>1</sup>
- Surgeries
- Preventive care at \$0 out-of-pocket cost from in-network providers

## PPO AND HSA-QUALIFIED PLANS

- A wide selection of primary care providers (PCPs) and specialists
- No requirement to have an assigned PCP or get referrals before seeing a specialist
- Access to healthcare when traveling or vacationing out of state with the BlueCard® network
- Out-of-network care covered, but at a higher cost

## NETWORKS & PROVIDER AFFILIATIONS

**Statewide** – Affiliations statewide

**Alliance** (Maricopa and Pinal counties) – Banner Health and HonorHealth

**PimaConnect** (Pima County) – Tucson Medical Center and Northwest Medical Center

<sup>1</sup>Virtual visits do not provide emergency care. In an identified or probable emergency, the virtual visit provider will direct the patient to seek emergency care.

# HELPFUL TERMS AND DEFINITIONS

---

## Allowed Amount

The amount AZ Blue has agreed to pay for a covered service. The allowed amount includes both the AZ Blue payment and your cost share. Example: A doctor may normally charge \$100 for a particular service. But he has an agreement with your plan to accept only \$80 as reimbursement for that service. \$80 is the “allowed amount.” The allowed amount includes any amount paid by the plan, plus any amount the member pays as a cost share, including copays and deductibles.

## Balance Bill

This is the difference between the AZ Blue allowed amount and a non-contracted provider’s billed charge. Non-contracted providers have no obligation to accept the allowed amount, with the exception of emergency and ancillary services provided in an in-network facility. Any amounts paid for balance bills do not count toward any deductible, coinsurance, or out-of-pocket limit.

## Business Size Definitions

These plans are offered to employers who are members of AZTC and are considered large for purposes of the Affordable Care Act (ACA)—the average number of total employees on business days during the previous calendar year is 2 or more.

## Emergency Services

For emergency services, members will pay their in-network cost share, even if services are received from out-of-network providers. Also, out-of-network providers can’t balance bill for the difference between the allowed amount and the billed charge.

## Out-of-Pocket Costs

These are expenses for medical care that aren’t reimbursed by insurance. Out-of-pocket costs include deductibles, coinsurance, and copayments for covered services, plus all costs for services that aren’t covered. Not all out-of-pocket expenses are applied to the plan’s maximum out-of-pocket benefit.

## Prior Authorization

Some services and medications require prior authorization (sometimes referred to as precertification). Except for emergencies, urgent care, and maternity admissions, prior authorization is always required for inpatient admissions (acute care, behavioral health, long-term acute care, extended active rehabilitation, and skilled nursing facilities), home health services, and most specialty medications. Prior authorization may be required for other covered services and medications.

## Prescriptions and Medications

AZ Blue applies limitations to certain prescription medications obtained through the pharmacy benefit. A complete formulary of covered medications and limitations is available online at [azblue.com/pharmacy](https://www.azblue.com/pharmacy) or by calling AZ Blue. These limitations include, but are not limited to, prior authorization, quantity, age, gender, dosage, and frequency of refill limitations. Plans are also subject to:

- A step therapy program that requires members to take preferred products, including but not limited to the generic version of certain medications, before AZ Blue and/or the pharmacy benefit manager will consider coverage of the brand-name version of that medication
- A preferred generics program. This means that when a member or provider selects a brand product when a generic product is available, the member will be responsible for their copay and any applicable deductible plus the cost difference between the brand and generic product. Exceptions are made only when the member is approved for the brand-name medication through the step therapy program or if AZ Blue prefers the brand product over the generic product. No additional exceptions to this cost-sharing amount will be made.

AZ Blue prescription medication limitations are subject to change at any time without prior notice.

In-network services available through the BlueDental network. A listing of providers in the BlueDental network can be found at [azblue.com](http://azblue.com).

All per-year benefits mean per calendar year. Only the allowed amount, as based on least expensive available treatment (LEAT), if applicable (and not billed charges), counts to satisfy the deductible. There may be several methods for treating a specific dental condition. All claims for restorative services such as fillings and crowns are subject to analysis for the least expensive available treatment (LEAT). Benefits for restorative procedures will be limited to the LEAT only. For these procedures, AZ Blue will pay benefits only up to the LEAT fee. Members may elect to receive a service that is more costly than the LEAT, but the member will be responsible for cost share based on the LEAT, and will also pay the difference between the fee for the LEAT and the more costly treatment (LEAT balance bill). Any payment made for this LEAT balance bill will not count toward the deductible or out-of-pocket maximum. Detailed information about benefits, exclusions, and limitations is in the Dental Benefit Book or rider and is available prior to enrollment upon request.

# TELEHEALTH SERVICES

---

## Nurse On Call

Members can connect with a nurse 24/7 to get answers to questions about symptoms they are experiencing, minor illnesses and injuries, medical tests, or preventive care, as well as suggestions for next steps based on their situation.<sup>1</sup>

## BlueCare Anywhere

With BlueCare Anywhere, members can connect to board-certified doctors by live video for urgent medical care, psychiatry, and counseling sessions. The BlueCare Anywhere telehealth service is available any day, any time—from a computer, tablet, or mobile device.

### Medical

Board-certified doctors provide immediate care for a range of common illnesses, aches, and pains, and can prescribe medication.

### Counseling

Licensed psychologists or counselors are available to treat issues—such as mental health and substance use—that can affect emotional, psychological, and social well-being. By appointment only.

### Psychiatry

Board-certified psychiatrists are available for assessments, evaluation, and treatment, and can prescribe medication. By appointment only.

Download the **BlueCare Anywhere** mobile app<sup>2</sup> or visit [BlueCareAnywhereAZ.com](https://www.BlueCareAnywhereAZ.com).

BlueCare Anywhere is also accessible in the member portal by logging in to [azblue.com/MyBlue](https://azblue.com/MyBlue), clicking **Find Care**, and then selecting **BlueCare Anywhere**.

# HEALTH AND WELLNESS

---

AZ Blue has partnered with Sharecare to bring employers a truly differentiated digital health and wellness experience. Available at no additional cost, Sharecare helps our members manage all their health in one place—no matter where they are on their journey. Members can access their accounts via the web at [azblue.sharecare.com](https://azblue.sharecare.com) or on the go by downloading the Sharecare app.

## RealAge Test

How old are you—really? Sharecare's RealAge® Test is a scientifically based assessment that shows the true age of the body you're living in based on your behaviors and existing conditions.

---

## Personalized Timeline

Once the RealAge Test is completed, members will receive personalized and relevant wellness tips, actionable recommendations to improve their RealAge, videos, and more.

---

## Guided Programs

Members have access to short, guided programs to help boost their mental strength, follow along with quick workouts, improve sleep, and much more.

---

## Unwinding

Unwinding is an evidence-based, digital program based on mindfulness helping members reduce stress, build resilience, and improve mental well-being. Unwinding offers on-demand, in-the-moment tools to ease stress throughout the day. This is a program for anyone dealing with mild to moderate stress who wants simple but effective tools to manage their stress.

# CARE MANAGEMENT

---

AZ Blue's programs support the patient/provider relationship and enhance the overall healthcare experience for our members. When we help members better manage their health, they can more effectively manage their daily activities, be productive at work, and reduce their (and your) healthcare costs.

Members can take advantage of the following programs:

## HEALTH MANAGEMENT

Members with conditions such as diabetes, congestive heart failure, asthma, COPD, coronary artery disease, behavioral health, hypertension, and many other health needs can get the extra help they need. Care Managers work with members to understand their health needs, help coordinate care, find health resources, and provide guidance for managing their condition and health goals.

## HOSPITAL TO HOME

When members are transitioning home from a critical care hospital stay, we help ensure that they're getting the care, medications, and equipment they need to reduce potential hospital readmissions. We will assess the member's needs and assist the member with follow-up doctor and therapy appointments, equipment, and community services, to name a few.
