

WILDCATS

at work

Hello and Happy Summer!

What a summer it has been for our Wildcats! This May, we celebrated another incredible class of Arizona Online graduates—students who balanced full-time careers, families, and coursework to earn their degrees. Their dedication is a direct reflection of the investment your organization makes in employee development, and we couldn't be prouder of what they've accomplished.

As you think about building your talent pipeline, we want to remind you of a powerful resource: the University of Arizona's Center for Career Readiness. The Center connects employers directly with skilled, motivated students and recent graduates across every discipline. Whether you're looking to fill internships, entry-level roles, or specialized positions, Career Readiness can help match you with top Wildcat talent ready to contribute from day one.

We encourage you to explore upcoming career fairs, employer info sessions, and recruiting events. It's a great way to strengthen your brand on campus while meeting candidates who already understand your organization's culture and mission. →

Thank you for your continued partnership. We look forward to helping you grow—together.

Sincerely,

Kara Forney
