2026 Southern Arizona Women in the Workforce Series
Be the Power Behind Progress..
Celebrate our 10th Anniversary with us!

This year marks the 10th Anniversary of the Women in the Workforce committee. The 2026 program, "Elevate Yourself," is designed as a journey to help women refine their leadership skills and adapt to new technology. The series alternates between virtual workshops for practical training and in-person events focused on deep connection and celebration.

MAY: ***Generation Gap or Generation Gift? Working Better Together***

- Format: In-Person Panel Discussion
- Date: May 1, 2026
- Topic: Cross-Generational Workplaces
- Location: The Treasury 1929
- Attendance: 50 participants

Today's multi-generational workplaces bring diverse communication styles and digital fluency that can either create friction or drive strategic advantage—especially in fast-paced tech environments. This in-person panel moves beyond stereotypes to explore how teams can collaborate more effectively through Mutual Mentorship, where experienced leaders and digital natives exchange insights to fuel growth, adapt to evolving tools, and strengthen cross-generational collaboration.

JUNE: ***Leadership & Communication***

- Format: Virtual Workshop
- Date: June 26, 2026
- Topic: Executive and Communication Skills

This online session focuses on how to speak and act with more authority in professional settings. We will look at ways to share your ideas clearly with leadership and how to feel more confident in your role as you grow. This workshop is designed for those who want to be better understood by their colleagues and manager.

SEPTEMBER: ***10th Anniversary Celebration - Elevated Conversations at the Vineyard***

- Format: In-Person Celebration
- Date: September 18, 2026
- Topic: Career Transitions and Community Celebration
- Location: Los Milics Vineyard, Elgin, Arizona (transportation provided)
- Attendance: 56

To wrap up our 2026 series, we are marking a decade of growth with a 10th anniversary panel centered on our "Elevate Yourself" theme. This session features women sharing their stories of professional growth, followed by a celebration at Los Milics Vineyard. It is a milestone event dedicated to honoring the shared journeys and resilient community we have built over the last ten years.
